

# Vos conférences techniques

A word cloud graphic featuring various programming languages, frameworks, and technologies. The words are arranged in a cluster, with larger words representing more prominent concepts. The colors of the words range from dark blue to red, and some words have smaller text labels placed near them, likely indicating specific sub-terms or related concepts.

Key visible words include: **Kotlin**, **kubernetes**, **broker**, **Node.js**, **swarm**, **Docker**, **Kafka**, **Python**, **Apache**, **TDD**, **JSON**, **React**, **MongoDB**, **CQRS**, **.NET**, **SOAP**, **hcl**, **MariaDB**, **open source**, **JS**, **HTML**, **JavaScript**, **linux**, **Microservices**, **DDD**, **Vert.x**, **scala**, **XML**, **bigdata**, **Maven**, **test**, **vuejs**, **spark**, **php**, **blockchain**, **sonar**, **Gatling**, **Neo4j**, **Ansible**, **ECMAScript**, and **PostgreSQL**.
